Supporting Statement Guidance – Fellow

Thank you for agreeing to provide one of the two supporting statements required to corroborate an application for Fellow of the Higher Education Academy (HEA). This guidance and the template have been designed to help you structure your supporting statement to provide the information required by the HEA, as explained below.

What is the function of the supporting statement?

Please note that the statement supporting an application for Fellowship is not the same as a job application reference. The award of HEA Fellowship is based on peer recognition of professional practice and as such you are being asked to support this application as a valued peer who has expertise in teaching and learning in Higher Education (HE).

During the Fellowship review process the two independent supporting statements provided by the referees will be used to confirm that the submission presents a fair and accurate reflection of the applicant's Higher Education practice.

Am I the right person to provide a supporting statement for the applicant?

You will be expected to have current or recent experience of working in Higher Education and will normally hold one of the four categories of HEA Fellowship, although this is not essential.

You will have worked closely with the applicant, have first-hand knowledge of their HE professional practice and will be in a position to comment on and substantiate the applicant's record of effectiveness within the context in which they teach and/or support learning. You should be able to confirm that the applicant has represented their practice accurately and provide your opinion that they demonstrate the requirements of Descriptor 2 criteria of the [UK Professional Standards Framework \(UKPSF\)](#).

The application for Fellow (FHEA) is based on current and recent HE practice (usually within the last 3 years). If you no longer work with the applicant, it is important that you are familiar with their recent practice. You are required in the template to indicate how long you have worked together.

Please note that supporting statements for applications for Fellow should reflect professional relationships; i.e. not be from family members or based on personal friendships. The statement will be your independent and authentic account in support of the application.

Individual role requirements of Descriptor 2 of the UK Professional Standards Framework

Individuals will be able to provide evidence of broad based effectiveness in substantive teaching and supporting learning role(s). Such individuals are likely to be established members of one or more academic and/or academic-related teams.

HE teaching and learning is defined as:

- level 4 or above within the [Framework for Higher Education Qualifications \(FHEQ\)](#) in England, Wales and Northern Ireland;
- level 7 or above within the [Scottish Credit and Qualifications Framework \(SCQF\)](#) in Scotland on the Framework for Qualifications of Higher Education Institutions (FQHEIS);
- first cycle or above of the [Qualifications Framework in the European Higher Education Area](#) (QF-EHEA);
- level 5 or above of the [Australian Qualifications Framework](#);
- level 5 or above of the [New Zealand Qualification Framework](#);
- delivery of non-accredited continuing professional development for

Typically, those likely to be able to evidence Descriptor 2 include:

- > Early career academics
- > Academic-related and/or support staff holding substantive teaching and learning responsibilities
- > Experienced academics relatively new to UK higher education
- > Staff with (sometimes significant) teaching-only responsibilities including, for example, within work-based settings.

For your information, the Descriptor 2 criteria of the UKPSF are set out below:

Individuals will demonstrate a broad understanding of effective approaches to teaching and learning support as key contributions to high quality student learning. Individuals should be able to provide evidence of:

- I. Successful engagement across all five Areas of Activity
- II. Appropriate knowledge and understanding across all aspects of Core Knowledge
- III. A commitment to all the Professional Values
- IV. Successful engagement in appropriate teaching practices related to the Areas of Activity
- V. Successful incorporation of subject and pedagogic research and/ or scholarship within the above activities, as part of an integrated approach to academic practice
- VI. Successful engagement in continuing professional development in relation to teaching, learning, assessment and, where appropriate, related professional practices.

Therefore, for the award of Fellow, the applicant must demonstrate that their HE practice evidences **all** Areas of Activity, Core Knowledge and Professional Values of the UKPSF.

Preparing to write your supporting statement

The applicant needs to first provide you with their Account of Professional Practice (APP). Please read this account before you begin to write your supporting statement to verify its accuracy. You may also wish to refer to the HEA [website](#) for more information about the HEA and/or specifically about becoming a [Fellow of the HEA](#).

Format of the supporting statement

A template is provided for you to complete your supporting statement. A copy of the template is included in this guidance booklet for your information. The template is available as a [Word document](#) and should be completed in this format. Scanned documents or those with a scanned image cannot be accepted.

In addition to Descriptor 2 criteria, as a guide, it is important that you comment on the following in your supporting statement:

- > your own experience of the applicant's recent HE practice;
- > if you have been involved in peer observation of the applicant's teaching and/or support of learning, please draw on examples from this;
- > any good or innovative practice and/or contribution to developments by the applicant in teaching and/or supporting learning within his/her discipline as appropriate

- > your perspective on the practical examples provided within the application to illustrate the requirements of Fellow.

If English is not your first language and you are not able to provide the supporting statement in English, the HEA will accept a certified English translation of your statement. It is your responsibility to provide the certified translation for the applicant and you will be required to agree and accept the Validation Statement upon completion.

After completing your supporting statement

Once you have completed the supporting statement template, please return it to the applicant in Word format. The applicant will upload the two supporting statements from each of their chosen referees through MyAcademy.

HEA Quality Assurance Process

As part of the process you will be asked to confirm that you have written the supporting statement yourself and that the information you have provided has been written specifically for this applicant.

As part of the HEA's ongoing quality assurance process, the HEA routinely checks references for individual authenticity by means of textual review in Turnitin.com. In addition to the use of anti-plagiarism software, some individuals will be contacted to confirm that the supporting statement submitted by the applicant through MyAcademy is the statement that they have prepared and completed.

If the professional integrity of the supporting statement is in question, the statement will not be accepted.
